"We've got the bargains lined up for you folks this week-end," says genial JOHN M. HATHCOCK, local furniture and appliance store owner, suggesting that you adventure through his firm's ad, and then take advantage of these many slashed prices.

FOOD STORE, in a double page ad, this issue, gives many of the details on the five-day, set for Saturday, Jan. 27, in connection with the grand opening celebration of their new store, as well as many special values in their extra special food sale.

Need to save money on feeds? TOPPER FEED COMPANY, owned by DURHAM PEASE COMPANY, suggests that you cash in on their money-saving TOPPER FEEDS. These pellets and range cubes are advertised this issue.

Sign seen about town—IF YOU DON'T UNDERSTAND IT, OP-POSE IT!

QUOTE OF THE WEEK
"Well, to tell you the truth..." and it makes us kinda wonder what he has been selling us.

1962 MOTOR VEHICLE TAGS went on sale Thursday at the office of JOHN BEAUTY, County Tax Assessor-Collector. The tax office says that early payments were started at a brisk pace and he reminds folks to be sure to bring their CERTIFICATES OF TITLES as well as last year's REGISTRATION RECEIPT. The deadline for paying is April 1.

The popular once-a-month Dollar Days at MULLICAN'S are scheduled for the week-end and advertised this issue.

Hardware Department at BOTHAM'S.

TAXI SERVICE
TUCKER, OWL DRUG announces that he has granted a Taxi Permit, now ready to serve the with this new service.

Price Sale now going on RELIK'S. Items included pair of ladies' shoes, plus rack of ladies' dresses, blouses—50% off.

SINGING A SUCCESS
A crowd estimated at over 150 gathered at the Hasee Church Sunday. Those who attended, termed the singing a success.

BOYD ANTHONY... named COMANCHEAN OF YEAR

ANTHONY NAMED AS CITIZEN OF YEAR

Boyd Anthony, president of the State National Bank, was recognized as Comanche's Outstanding Citizen of 1961 at the annual Jaycee banquet held here Monday night.

Mr. Anthony was presented with a plaque by Ben Sudderth, former Jaycee president, for his outstanding achievements in civic leadership during 1961 and prior years.

Mr. Anthony, a community leader with varied interests, is a member of the board of directors of the Comanche Lions Club and a past president of the organization, a director of the Chamber of Commerce, member of the Indian Booster Club and Band Parents Club, an active sponsor of 4-H Club work in the county, member of the Boy Scout Council, district representative on the Texas Bankers' Association. He is an active member of the First Baptist Church.

Mr. and Mrs. Anthony are the parents of three daughters: Kay, a junior at Tarleton State College; Gail, a freshman at TCU; and Kathy, Comanche eighth grader. The Anthonys reside at 1101 Northwest 36th.

Lightfoot Heads Dublin Schools

J. E. Lightfoot, formerly of Comanche and who has been principal of Dublin High School this year, has been promoted to Dublin superintendent.

Mr. Lightfoot will assume his new duties at the end of the present school term, when the resignation of Superintendent Arthur becomes in effect.

Mr. Lightfoot was a member of the faculty of the Comanche schools some eighteen years—the last 10, before this year's school term, as principal.

Jr. IOOF To Meet Mon.

Comanche Junior IOOF Lodge No. 50, will meet Monday night, Feb. 5th, at 7:30 o'clock, in the IOOF Hall, for installation of new officers.

All members are urged to attend this meeting. Refreshments will be served.

Poll Tax Total Reaches 2588

A last-minute surge of poll tax payments brought the total number paid in this "on" election year to 2,588, according to figures released by John Beatty, Jr., Comanche County Tax Assessor-Collector.

"We are expecting a few more poll payments to be received in Friday's mail," says Beatty, explaining that if the postmark is before February 1, that these are to be included in the list.

This compares with 1,864 polls paid last year, and with 3,059 two years ago.

Twelve 21-year-olds made application for their exemptions.

Burglary Ring Suspect Admit Local Job

Department of Public Safety spokesmen revealed this week that the arrest and questioning of several members of an alleged burglary ring had solved more than 700 burglaries in a wide area.

DPS revealed that more than 30 burglary complaints had been lodged at Big Spring against James Hugh Leggett, 33, Abilene; and 170 complaints have been filed against him at Abilene.

Burglaries in Comanche County came in for clearing up with the arrest of Leggett and at least four companions.

Most of the Comanche County burglaries resulted in cash being stolen from safes and cash registers. Solved are burglaries dating as far back as April, 1960 and as recent as January 18, says Texas Ranger George Roach, who was in Comanche Wednesday.

Roach pointed out that in a number of instances safe combinations had been worked in the Comanche County burglaries, and the same is true in more than a score of other Texas counties.

Cleared with the arrest of the Abilene man and his companions, Roach listed the following Comanche County burglaries, and the Ranger, said others may be Continued On Back Page

Deacons To Be Installed At Local Presbyterian Church

Dr. William A. Flannery and Ira Stanton Anders will be ordained and installed as deacons at the First Presbyterian Church, Sunday at 11 a.m. They were elected by the congregation last Sunday.

Dr. Baxter Greer will conduct the impressive ceremony, assisted by the Ruling Elders: H. M. Cauley, Herman Rauhut, H. J. Rachels, and Keith Lane, Jr.

Junior Roping Club Rodeo April 20-21

Dates for the Comanche Junior Roping Club Rodeo have been set for Friday and Saturday, April 20-21, according to announcement from Ollie Gandy, president of the Comanche Roping Club.

The 1962 show will be for two nights only—instead of the three nights of junior performances the past two years.

Monday Is Deadline For Political Announcements

Higginbotham Stockholders Hold Annual Meeting Here

Higginbotham's with headquarters in Comanche and operating stores and lumber yards in fourteen towns and cities of the area, held its 45th annual directors and stockholders meeting here Friday, January 26.

Forty stockholders, directors and other members of the firm from various parts of Texas were present, and took part in the meeting.

The report showed that 1961 was a fine year for the Higginbotham firm—and stockholders were well pleased at the reading of the annual statement, as it revealed the history of the firm.

John T. Higginbotham, Dallas, was re-elected as president; Tom Beene, Comanche, executive vice president and general manager; George Walker, Comanche, secretary; and A. P. Cox, Comanche, treasurer and assistant secretary.

Directors in addition to the above officers are: Cecil Higginbotham, Dallas; Lanham Higginbotham, Dallas; Joseph L. Higginbotham, Dallas; R. Wilson Higginbotham, Dallas; Joe M. Higginbotham III, Dallas; Rufus T. Higginbotham, Dallas; Paul Williams, Comanche; Paul Richardson, Brownwood; Joe T. Kennedy, Dublin; Jay Koonce, Rising Star; and Robert C. Allen, Comanche.

The first Higginbotham store was opened at De Leon in 1882, the year after that town was founded with the coming of the railroad there in 1881. Business was good at De Leon, and the store did so well that the opening of other stores in the area followed, including the one in Comanche in 1901.

The firm now operates retail stores in Comanche, De Leon, Gorman, Dublin, Stephenville, Rising Star, Cross Plains, Brownwood, Ballinger, Gustine as well as lumber yards in all these locations, as well as lumber yards at Brady, Hamilton, Weatherford, and Winters.

Work Now Underway On Radio Station

Work began here this week on the construction of a radio station in Comanche for Gilbert Webb, recently of Graham, Mr. Webb is an experienced radio man, having built and since sold radio stations in a number of Texas towns including Graham, Olney, Seymour, and San Saba.

The station is being constructed in East Comanche on Sand Street near the former home of the late Less Dillard. The building is due to be completed within 28 days with broadcasting to begin around April 1. E. W. Chaney is the contractor.

Tentative plans call for broadcasting daily between 5:30 a.m. and 8:30 p.m.

The station will have a minimum of 3 employees.

Mr. Webb, a Methodist, is married and has five children, all away from home. They are Mrs. Virginia Stone, a nurse at Fort Worth; Staff Sergeant James G. Webb of the 49th Division, Fort Polk, La.; Mrs. R. S. Chastee of Graham; Edmund L. Webb, radio announcer at Seymour; and Mrs. Carolyn Woolridge of Amarillo.

Monday, February 5, is the final date for candidates to file their applications with Democratic Executive Committee to get their names on the ballot for the coming May 5 Democratic Primary.

Applications may be made to D. F. Caraway, Comanche, chairman of the County Democratic Executive Committee; or applications are available at The Comanche Chief, where they may be left with Bob Carpenter, who will turn them over to the Democratic Executive Committee.

"We've had good interest in the coming May and June Democratic primaries in the precinct, county, and district races—but a number of candidates have not yet filled out the necessary application to get their names on the ballot," reports Chairman Caraway.

Caraway, who is a candidate for county judge, plans to resign his post as County Democratic Chairman—and a temporary successor to him is to be named at a special meeting of the Democratic Executive Committee here Saturday morning. The Executive Committee will also fill several vacancies on the precinct level.

No New Announcements
No new political announcements were received by The Chief this week.

Only one district contest has developed—with the deadline fast approaching. Announced candidates for State Senator, 12th District, in The Chief columns, are Ben Sudderth, of Comanche County, and Warwick Jenkins of Ellis County.

Sudderth, former member of the Legislature from Comanche, Brown and Mills counties, who did not seek re-election, recently resigned his post as county attorney here to make the Senate race. He said Thursday that three other men may file as candidates for the Senate before the deadline.

Omar Burleson, Congressman, 17th District, has not yet filed with The Chief, but is expected to seek re-election.

Ben Barnes, of De Leon, serving his first term as State Representative from the 73rd District, is a candidate from the newly created 64th District, composed of Comanche, Brown, Coleman, and Runnels counties. He is as yet unopposed.

In precinct races—contests appear in Justice of Peace Precinct No. 1 and in Commissioner Precinct No. 2. O. A. Brazier seeks re-election as Justice of Peace, No. 1, and is opposed by James A. Whitworth. Sam Phifer is a candidate for re-election as Commissioner, Precinct No. 2, and his opponent is Eddie McDougal.

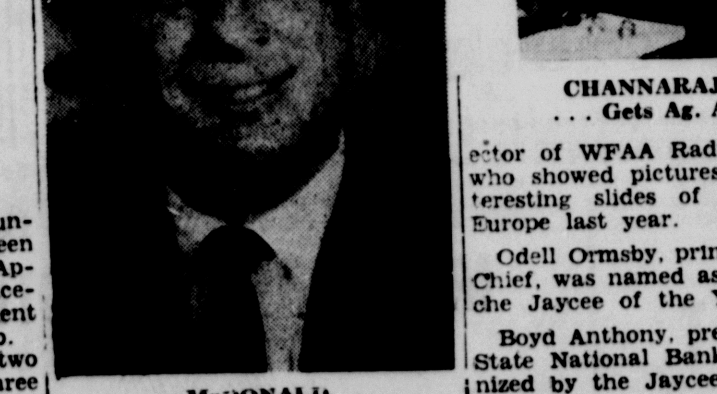

Governor's Race
The governor's race heads the state political slate—with at least four major candidates seeking the Continued On Back Page

Elton McDonald Is Named As Outstanding Young Farmer

Elton Ray McDonald, 26-year-old farmer and stockman, was named as Comanche County's Outstanding Young Farmer for 1961 at the annual Jaycee Banquet held Monday night at the Golden Arrow Cafeteria.

The affair, attended by more than 200 persons, with Bill Lane presiding, was a highly successful and enjoyable occasion.

Principal speaker of the evening was Murray Cox, farm director.

McDONALD... Top Young Farmer

Official Holidays Set For 1962

Comanche merchants will observe seven official holidays in 1962, according to results of a poll taken by the Chamber of Commerce, and released by Mrs. Alwine Swindle, secretary.

Official holidays will be observed:

- New Year's Day, January 1
- Memorial Day, May 30
- Independence Day, July 4
- Labor Day, September 3
- Thanksgiving Day, Nov. 22
- Christmas, (two days) Wednesday and Thursday, Dec. 25-26

Balloting for the Chamber of Commerce Board of Directors will be held soon. Directors are elected for two-year terms.

Outgoing directors are Gyle Pirkle, president Angus Dickson Jr., Louis Harelik, Dr. William T. Calhoun, Gilmore Durham, and Roy D. Adams.

Hold-over directors are Ben Sudderth, vice-president; John Beatty, Floyd Prather, Dale Nowlin, and Joe Waring.

CHS Career Conference Friday To Attract Out-Of-Town Speakers

Comanche High School's annual Career Conference will be Friday, February 2. The conference will begin with an assembly from 9:00 a.m. to 10:00 a.m. The keynote will be Dr. John Donaho of Abilene. Dr. Donaho's will be Youth in Today's World.

The conference is held primarily for junior and senior students. Also the junior and senior students from Gustine and Sidney are invited to the conference. The purposes of Career Day are to assist students in learning about the opportunities in the vocational world, to discover their own interests, and to appraise their own abilities.

There will be many outstanding guests from all sections of Texas for the Career Conference to be held on February 2. Some of the out-of-town guests are past residents of Comanche, or are well-known in the town.

Mr. John M. Arthur, who is District Designing Engineer of the Texas Highway Department, will be here from Brownwood to speak in the engineering section. Also speaking in the engineering section will be Mr. Bob Silvas. Mr. Silvas has his M. A. degree from the University of Texas and is currently with the Ethyl Company in Houston.

The section on medicine will have Dr. E. E. Anthony as a speaker. Dr. Anthony is a graduate of Comanche High School and a brother of the local bank. Mr. Boyd Anthony, He is now situated at Medical Arts Building in Fort Worth. Another speaker in the medicine division will be Dr. J. C. Terrell from the Stephenville Hospital and Clinic. Dr. Terrell has attended the annual conference for the past two years.

Dr. J. C. Schiller of Baytown will speak in the science section. Dr. Schiller, Humble Company Research and Development scientist, is much in demand as a speaker—and has talked on oil Related subjects throughout the world. John H. Reese will be the speaker for the business administration division. Mr. Reese is a native of Comanche and is at the present assistant to the Dean of Business Administration at Texas Tech.

The speakers in the homemaking section will be Mrs. Mary E. Moore of Stephenville and Mrs. Marthe Harmon of Abilene. Mrs. Moore is Area Supervisor of the Future Homemakers, and Mrs. Harmon is a home economist with the Lone Star Gas Company in Abilene.

Mr. Ben Barnes of De Leon will speak in the law section. He is State representative from this district.

In the journalism division, Mr. Traxel Stevens will be the speaker. Mr. Stevens is managing editor of the Texas Outlook magazine.

The speaker in the teaching section will be Mr. Billy Snow. Mr. Snow is with the Future Teacher organization in the State.

Speaking in the psychology section will be Dr. Lannes Hope. Dr. Hope, who was formerly with Baylor University, is now at Texas A. and M. He has attended two previous conferences as keynote speaker and counselor in the field of psychology.

Other out-of-town speakers include Sgt. Bill Williams and Sgt. Donald Delaria of Abilene who will speak to the Army section. Sgt. Homer Yates of Abilene will speak to the Air Force section.

Job Applications Sought At P.O.

The Comanche Post Office is seeking applications from local residents who are interested in becoming postal clerks or city carriers. Acting Postmaster J. E. Carpenter announces.

Persons who apply and who pass a written test given by the Civil Service Commission will be placed on a list of eligibles, and will be considered for future job openings.

Clerks and carriers are now paid a starting rate of \$2.16 per hour. Anyone interested in a career in the postal service may obtain complete information from Acting Postmaster Carpenter, or from any clerk at the local post office.

M. C. Channarajars, the popular young Visiting County Agent from India, received special recognition at the Jaycees Out-stand Young Farmer Banquet held Monday night for Outstanding Accomplishments in Agriculture.

"Ary," as he is affectionately known by most Comanche Countyans, and his wife, Pache, and their daughter, Comanski, will be leaving next month, after a year's stay here, for India.

One of the highlights of the banquet Monday night was the presentation of this special plaque to the young County Agent—and his humble acceptance of this. He appears on the program too—in presenting Elton Ray McDonald as Comanche County's Outstanding Young Farmer for 1961-62.

Channarajars is serving as guest "editor" this week—giving many of his impressions of the United States in general, and Comanche County, in particular.

Neighborhood feeling and better, clearer understanding is essential in this confused world. Many dedicated persons are working towards the goal of peaceful life in this wonderful world.

Dr. Jack D. Gray now the foreign program advisor at Texas A & M College was in India for several years under Technical Cooperation mission program. This project of one year's training of Visiting County Agent in the State of Texas is to work with the rural people and to observe the different methods of communications of research results to the honest hard working farmer in his noble profession. I am the second person on this program. The first man was from Brazil and worked in Guadalupe County in Texas last year.

Wendell Holman, Agricultural Advisor, under Technical Cooperation Mission worked with the Ministry of Food and Agriculture of India to help select one person. That person happened to be me M. C. Channarajars. I was working as Agricultural Extension Officer (county agent) in Obaidullaguay, Bhopal, India. I owe a lot to two of my farm friends who stood security for me.

On December 12th 1960 Honorable Commissioners Court of Comanche County, Texas after hearing from Angus Dickson, Jr. County Agent, about me invited me to work with the rural people of the county. Adding to this the following people sent personal invitations through letter:

- 1) Lee J. Bowers, County Supervisor, F.H.A. Route 3, Dublin, Texas
- 2) Mrs. Robert M. Hodges, Route 3, Dublin, Texas

- 3) Mrs. Monselle O'Brien, Route 2, Comanche, Texas
- 4) Ruby Dickson.
- 5) William F. Bryant, James M. McGinnis, Herman Barnett, Oral D. Johnston, Agricultural Stabilization Committee.

Indeed I was lucky and fortunate to come to this wonderful country, with good friendly people. The Indian government sent me here as one and people brought my wife Pache to make us two. Lord gave us one. How happy we are to go in threes.

First Week of February

I was real happy when I received a letter from James W. Burke, training officer of the American Embassy, informing me about the date of my departure from India. My friends, relatives and my farmers were real happy. Mr. Holman sent us a newspaper clipping from Comanche Chief, De Leon Free Press, Texas Coop, and Brownwood Bulletin. He wrote us that these clippings were received from Comanche.

First Week of March

I was relieved from my duties as Agricultural Extension Officer to receive this valuable training in the United States. I felt I was losing my good farmers with whom I was working. I got the better ones here in Comanche, Texas. I traveled from my state to New Delhi. Completed all the necessary formalities at American Embassy for the first time I flew in a jet. My wife and relatives bid good bye. My wife went to Mysore to stay with her parents.

Second Week of March

Traveling in a jet was exciting, thinking the past, hoping for the future made me to feel that time was spent faster. On reaching Washington a cosmopolitan city, I met a man from I.C.A. who helped me in reaching the place of my accommodation. Port the first time I was where nobody knew me. All the foreign participants get orientation at Washington International Centre. Here they gave me an idea about the American customs, habits, land, crops grown, import, and export, education system, religions. This did break a strange feeling and I started making friends. All the time I was eager to come to Comanche.

What surprised me, many participants and many Washington personels was the W.A.R.M. WELCOMING TELEGRAM MESSAGE FROM 250 COMANCHE GOOD PEOPLE. This message gave a great confidence that I will be one amongst the people of Comanche.

Third Week of March

After getting acquainted with the general aspects of America, the U.S.D.A. felt it was necessary for me to get orientation in agriculture field. What fascinated me was that 98% of the families have better communication system such as T.V., radio, telephone, postal service which is the basis for the fast progress of the Agricultural Extension Service. The other factor was 8½% of the national income that is 6½ billion dollars is spent on agriculture. 96,000 people work in U.S.D.A. in states in addition to county agents. They explained to us in brief about the county organization.

A Sign of Friendliness

When I was at Washington, a couple Mr. and Mrs. David Ruesink arranged with C. C. Cannan,

Director of F.T.D. a meeting. Mrs. Ruesink is from Comanche. They had been to India recently. They invited me to travel with them to Comanche in their car. I certainly enjoyed meeting them and learning first hand information about Comanche, Texas.

Fourth Week of March

After staying with my friend Mr. Biswas in Washington, I took off in a train to the big State of Texas. I reached College Station. Dr. Gray and Mr. Young had arranged several meetings including Angus Dickson, Jr. and R. G. Burwell, District Agent. The long awaited planning to meet Angus Dickson was fulfilled on 28th day of March at College Station. Mrs. Angus Dickson was with him. We traveled in the 4-H station wagon to Comanche. I was the guest of Mr. and Mrs. Fred Hall and enjoyed the birthday party of Mike Dickson. Angus was not late in handing me over the courthous keys on that night at 9 p.m. when we visited his office.

The first meeting I attended was the Swine Breeders Association which met at Clyde Wall's farm.

First Week of April

What amazed me was the visiting of many ranchers and farmers and hearing Texans' slang. I started getting acquainted with people and about the Comanche County past and present history of happenings. Many people found my name as hard as Greek and Latin. They started calling me by name John, George, Sam,

etc. We attended a swine short course at College Station. We went to a field grain program meeting at Mineral Wells. This was completely new and interesting to me. I wrote an article to Comanche Chief "My First Impressions." Newspapermen were eager to get the details of me and my country so that people can know about it.

Second Week of April

While observing the active young 4-H boys and girls, I was enthused to help them in getting ready for district eliminations. I worked with the tomato demonstration group. I attended community clubs and home demonstration clubs. They were all getting ready for the coming community tours. I was very much pleased with the leadership and volunteer work. I felt this is the stepping stone of the successful community organizations. I started getting the initiative to visit schools and to give a program on India. I found young and old are equally interested in learning more and more about India. I attended a Soil Conservation directors meeting at De Leon.

Third Week of April

We the agents and the parents, leaders went to Stephenville with 48 4-H members participating in 22 different projects individually as well as in groups. This District Elimination Contest was very interesting to me. I met all the agents of the district. Mr. Cunningham took me to his farm and I got a chance to discuss with him about his ranching methods.

He sounded to me a big farmer with 2,000 acres, but he is one of the closest friends in Comanche. I started receiving personal invitations to visit churches, schools, farms and homes. I attended a short course on sheep and goats at McGregor. I had an opportunity for the first time to meet with the Comanche County 4-H Council. Attending the meetings and giving the people programs on India at many places made the people to accept me as one amongst them. The people of Comanche are the friendliest persons.

The Community Improvement Program is sponsored by the Electric Utility Companies operated in Texas and is conducted by the Texas Agricultural Extension Service. One of the many objects of this program is to promote the individual rural family and the rural community to desirable, satisfying, profitable and better stable living. This program is planned to create an incentive and increasing competitive spirit. The main fields selected for judging are participation by families, general appearance of the community, rural-urban relations, farm and home management, etc. It is primarily designed to work together as drops make the ocean. Hasse, Proctor, Stag Creek, Newburg, and Soda Springs were the five communities who participated in the tour.

Big event of the week was that the Young Farmers Association of Comanche County presented a big Texas hat to me. I was named as an honorary member of that organization.

First Week of May

Went to Stephenville to get 3,300 lbs. of Starr peanuts for 16 demonstrations. E. A. Walker

furnished the transportation. They were kept at De Leon. During the week 12 Comanche people went to banquet "Save the Soil and Save Texas". This was primarily to recognize the services of all men who have devoted their time and money. Secondly to involve the people and their participation. Mrs. Bill Lane and Bill Evans were honored as State Homemaker and State Farmer of the Year. Grady Hall, a 4-H member of the Newburg Club, received a plaque on behalf of the Comanche County 4-H Clubs for the keen interest and active part in Soil Conservation projects.

It is needless to emphasize how important the research is in agriculture. During Southern Peanut Research Foundation the farmers take an initiative in feeding the research workers with the specific problems.

Second Week of May

"A Pleasant Surprise"

The people of Comanche presented me an automobile to facilitate me in working with the rural people. This has taught me how affectionate people are in me and they want me to learn more and more during my stay. But for this automobile, I would have taken two years to learn the same thing I have learnt in one year. They need not have done this for me, but nothing can prevent the people from their good actions. This means much more to me because I am really proud that the people have a great regard for my country. This shows that we should view not through the material things but beyond that "It is love and affection" of the people which is available but can not be bought.

course at Stephenville on pests and diseases. Such short courses are very beneficial to the agent in equipping themselves to furnish the information to the needed people.

Third Week of May

The school boys and girls had a rousing interest to know about India—its customs, habits. The school principal had allotted one hour for this program but the students continued for 2½ hours. This shows the tremendous interest of them to learn new things from new people. This acquaintance has given me an opportunity to know these youngsters and I have learnt a lot from them. The Newburg 4-H boys worked on the grass demonstration plot and planted different varieties of grass. I helped them.

Fourth Week of May

Interculture operations with tractors were new to me. J. B. Cunningham allowed me to work on the cultivator in his corn field. I knew how to drive a tractor. I was very careful in not damaging the plants by front wheels at the same time I was plowing up the plants by cultivator. Cunningham calmly with a grinning face observed me plowing till I reached the other end. Then he told me how it can be avoided. If I were him I would have lost my patience. I hope I will not plow the corn any more.

Spraying on pecan trees at L. G. Holland's farm for casebearing. The Texas A & M College used different insecticides and different sprayers to find out the best results. Dr. Baptist from Ceylon visited and observed the spraying operations.

First Week of June

There were nine 4-H members eligible to participate in State Round-Up in different activities. I worked with project and vegetable. The State Round-Up was held at A & M College. We had nine 4-Hers, four adults. There were about 25 boys and girls to be judged. All the contestants were judged and awarded on the spot. This was well organized. 4-H members are really participating in Round-Up. That it is not only giving demonstration but they also ship ability, meet other members, get to see A & M College and more than that youngsters will know more about 4-H Recognition and sponsors of 4-H. They wrote letters to the judges and the people at Station for all the facilities provided.

Second Week of June

Mr. Durham and Mr. Scoutmasters of Comanche Scouts, invited me to stay at Richland Springs. When I was there, I was invited to acquire such endurance and learning aid safety. They learn live in a desert or a very little facilities.

Secretary Freeman

FEBRUARY 2, 1962

JUDGING YOUNG FARMER CONTEST—Hard at work at selecting Comanche County's Outstanding Young Farmer, in the annual contest sponsored by the Comanche Jaycees, are judges, left to right, Gilbert Davis, Gustine school superintendent; LEE J. Bowers, FHA supervisor; Henry Spalding, Sidney vocational agriculture teacher; Cleburne Willingham, Gustine banker; Dr. Baxter Greer, Comanche Presbyterian minister; Jack Moore, Comanche banker; Ray Pruitt, Sidney school superintendent; Troy Norris, Comanche school principal; Oral D. Johnston, ASCS manager; and not pictured, Lee Garner, ASCS, Comanche. Elton Ray McDonald, Comanche farmer, won the coveted award.

Brownwood Civic Music Association To Present Comanche Night Feb. 5

On Tuesday, February 6, the Brownwood Civic Music Association will present concert artists, Archer and Gile. According to Mrs. W. H. Slider, Comanche member of the Advisory Board of Directors for the Brownwood association, the February 6 performance is to be "Comanche Night." Residents of Comanche will be admitted as guests of the association, by registering at the door.

Frances Archer and Beverly Gile hold a unique place in the music world today. By bringing the concert stage a program based on authentic melodies from many lands, sung in the original languages, and given extra warmth and interest, by their own special arrangements, they transport their audiences to far local corners and to times past and present. Their soprano and alto voices complement each other to perfection, and their delightful artistry combines music-ship, personality and stylish presentation that means success wherever they appear.

Among the most in demand of concert artists, Misses Archer and Gile have been acclaimed by audiences of New York's Town Hall, Mexico City's Palacio de Bellas Artes, the Concertgebouw of Amsterdam, and the Royal Festival Hall of London.

The concert time is 8 p.m. in the Brownwood High School Auditorium.

Black Show Visitors
Mr. and Mrs. James Mercer and Mr. and Mrs. Joe Paul McCullough were Fort Worth and Arlington visitors Sunday. They attended the Fort Worth Fat Stock Show and then visited Mr. and Mrs. Calvin Lee.

Back From Houston
Mr. and Mrs. J. C. Wilkerson have returned home after a week's visit in Houston with their daughters, Mrs. Charles Wilkerson and Mrs. Bob Barton, and their families.

1962 Auto Tags Go On Sale

First of the 1962 motor vehicle licenses were issued Thursday morning, February 1, at the Tax Assessor-Collector's office here. Comanche County tags begin with DS-3175.

Tax Officer John Beatty Jr. says a total of 3,500 motor vehicle license plates were issued during 1961, bringing in a total of \$150,000.

The 1962 tags are black with white numerals. Car owners have until April 1 to purchase their 1962 plates without penalty.

Beatty explains that new regulations say positively that no licenses can be issued without certificate of title, and last year's license receipt. The tax officer explains to persons who have misplaced these records, that now is the time to make application for duplicates.

FOR SALE—1953 Plymouth Club \$285.00; 1952 Ford 4-Door Sedan, extra good, \$250.00; 1957 Plymouth 8-Cyl. 4-Door Sedan \$595. Elland Fagan. (1tp)

Philip Dingus Rites Held Here

Funeral services for Phillip D. Dingus, 74, former Comanche city nightwatchman, were held Thursday afternoon, Feb. 1, at Oak Lawn Funeral Home Chapel here. Rev. S. J. Isham, Baptist minister and Rev. J. D. Smoot, Methodist minister, officiated.

Interment was in Indian Creek Cemetery.

Palbearers were Ira Clemons, Albert Miller, Bob Couch, George Moore, Gaston Sanders, and W. D. Chapman.

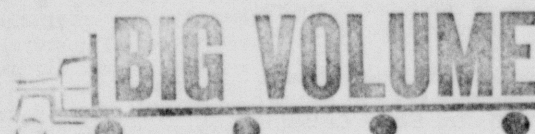

Mr. Dingus, a veteran of World War I, died Monday in the Veterans Hospital at Waco.

A native of the Comanche

County, Mr. Dingus, son of the late Henry and Ellen Moore Dingus, was born August 2, 1887. He was married to Mollie Cockrell, who passed away March 25, 1943. Mr. Dingus is survived by a sister, Mrs. George Moore of De Leon; a brother, Emmet Dingus of Philomph, Oregon, and a number of nieces and nephews.

Farmer's Union Meel Has Sixty

ARNOLD BUTLER, Reporter

The Comanche County Farmer's Union held its regular meeting on Thursday, January 18, in the library at De Leon. About sixty members and wives attended.

Jack Straub, president, called the meeting to order. All of the officers and members of the board of directors were present. The president introduced the Texas Farmer's Union president, Jay Naman, of Waco. He made a very informative talk on the Farmer's Union, what it does, and the things for which it stands.

Mr. Naman then introduced Mrs. Juanita Wooten of Crosby County who discussed Blue Cross and Blue Shield.

During the intermission there was entertainment by a string band from Tarleton State College in Stephenville. The music was enjoyed by everyone. Soft drinks, coffee, and cookies were served.

The meeting was then called back to order, and Mrs. Wooten continued her speech on insurance and the Farmer's Union. "Red" Madaux, from Waco, was then introduced and talked about the things that the Farmer's Union has done for its members as a whole.

The meeting was closed and everyone commented on how they had enjoyed the meeting and the music by the band from Tarleton. Meeting in Comanche Feb. 15.

All members and prospective members and their wives are urged to attend the next meeting, which will be held at the Comanche County Courthouse in Comanche on Thursday night, February 15 at 7:30 o'clock. Jay Naman, president of the Texas Farmer's Union will be present and we hope to see all the members of the Comanche County Farmer's Union.

Sign-up Opens For '62 Feed Grain Program

Growers of corn and grain sorghum may sign up under the 1962 feed grain program during the period February 5 through March 30. William F. Bryant, Chairman, Comanche County Agricultural Stabilization and Conservation Committee, announced recently.

Operation of the program, the chairman explained, will be similar to the 1961 feed grain program.

Likewise, its objectives are the same—(1) To increase farm income; (2) to further reduce the excess feed grain stocks; (3) to reduce the excess feed grain stocks; (4) to reduce Government costs of farm programs; (5) to reduce the risk of serious overproduction of meat, poultry, and dairy products; and (6) to assure consumers of fair and stable prices for these products.

All producers of corn and grain sorghum are eligible to take part in the feed grain program, which calls for the diversion of acreage formerly planted to one or more of these crops into an approved soil-conserving use. The program is voluntary, but program participation by farmers who produce these feed grain

Comanche Volunteer Fire Department 1961 Report

Comanche Volunteer Fire Department activities for 1961 show a set of interesting figures compiled by Chief Curtis R. McKinzie and John T. Carpenter, Assistant Fire Chief-Driver and City Fire Marshal.

The 1961 report shows a total fire loss of \$19,760.10 in the City of Comanche, and this figure is expected to keep Comanche's low insurance rate intact for the present year.

The figures show a breakdown of fire calls answered by the Comanche Volunteer Fire Department reaching a sizeable number. During 1961 the department answered 17 general alarms, 29 general false alarms, 129 grass and trash fires, 13 local and rural car fires, 2 truck fires, 1 bulldozer fires, 9 business calls resulting in no damage, and 1 garage fire.

General Services Rendered
In addition to fire calls answered within the city limits, the Comanche Volunteer Fire Department pumped out 17 cellars and unstopped 19 sewers.

The department used 17,500 gallons of water to wet grounds for the Comanche School System. In a City street paving program, the Fire Department equipment was used to spread 61,165 gallons of water in the work.

The Fire Department used a total of 909,315 gallons of water during 1961 in all its operations. Sixteen fire extinguishers were refilled for Fire Department use.

Rural Calls Answered
The Comanche Volunteer Fire Department traveled a total of 109 miles in answering fire calls to rural residences. Sixty-nine calls were answered to the rural area to combat grass fires and render other services, entailing a total of 694 miles.

Insurance Credits Cited
Through the combined efforts of rural and town people and the City of Comanche during 1961 the Comanche Volunteer Fire Department added a rural fire truck of 800 gallons capacity with an independent pumping engine for a credit of 2% on the key rate. This 2% represents a direct savings to the insurance buying public of about \$14,000.

In addition, the department has added a 35-foot extension ladder and two salvage covers for a reduction in the rate of 1%, representing a savings of \$7,000. The department is enjoying an excellent record in stopping fires and thus the citizens of Comanche presently enjoy a 20% good fire record credit.

The fire record credit of 20% means that the customer pays only 80% of every insurance dollar spent during the term of this credit. This credit is tied directly to the efficiency of the local fire department and the activities of the fire marshal, and is not credited to any other source. Only through an active, efficient fire department with an excellent record of stopping fires and reducing losses is any credit at all obtained.

The public is urged to co-operate with and to support the local fire marshal and the Volunteer Fire Department in order to keep and possibly raise this credit to its maximum of 25%.

crops is required if they want to be eligible for price support on their feed grain crops, including oats and rye.

Chairman Bryant said that for corn and grain sorghum, there must be a minimum reduction of 20 per cent from the farm's 1959-60 average acreage of these crops and the producer must not exceed the farm's barley base. For barley, there must be a minimum reduction of 20 per cent in the farm's average 1959-60 barley acreage, and the producer must not exceed the farm's corn and grain sorghum base.

Producers of oats and rye will be eligible for 1962-crop price support if they comply with either the corn-grain sorghum program or the barley program.

New Officers At Soda Springs 4-H Club Installed

New officers of the Soda Springs 4-H Club took over at the first meeting of the new year, on January 12. The motto and pledge was led by Peggy Evans.

Eighteen members were present, with one new member. New business included forming judging teams. The Senior team was composed of Richard Frazier, Margie Vineyard, Jimmie Martin, and Paul Byrd.

The Junior team was composed of Carol Byrd, David Ripley, Ronnie Martin, Bobbie Simpson, H. C. Blackshear was coach.

A committee was chosen to plan the refreshments at each meeting. The committee is composed of Margie Vineyard, Richard Frazier, Dorothea Byrd, and Peggy Evans.

The retiring and new officers held a meeting to plan the program for 1962.

It was a pleasure to have Mrs. Owens and Mrs. County Agents, visit with us.

After a number of games, refreshments were served.

Scott Named As Stephenville Head Coach

Kenneth Scott, coach of the Hamilton High School Bulldogs since 1956 and a former Comanche High School assistant coach, has been elected as head coach at Stephenville High School. Stephenville Superintendent J.

C. Helm Jr. announces that Coach Scott, a graduate of Stephenville High School and of TCU, was chosen from a field of 38 applicants.

Scott coached the Bulldogs to a district football championship last fall, and also produced a title winner for Hamilton in 1956.

the farmers at Rosebud and said the farmers needed to grow what the nations need to get a reasonable price for its produce. Farm products are sold in a buyers market. He explained why the prices have gone down and how this farm program help the farmers.

Third Week of June

Attended the Rural and Town Church Conference at A & M College. The 4-H boys and girls also participated in that. They expressed their role and responsibility in attending the churches and how it pays them when they grow old. All of them were of the opinion that most of the delinquent boys and girls are those who did not go to church.

Commercial potato growing is new to Comanche County. Mr. Allen at Gustine planted 30 acres and harvested about 250 bushels per acre. Potato digger was used for harvesting them it was picked by hand and graded into three classes by potato grading machine.

ine.

Fourth Week of June

Mr. Young, State Agent, arranged one week visit to Ochiltree County to observe wheat farming. The country was so different from Comanche. The size of the farms are larger. It was harvesting time. I observed the custom combines working. This year the average yield per acre is higher than previous years. Stubble mulching was being done soon after harvest to check wind erosion. I went through grain elevators, banks and implements company. Douglas Smith, County Agent, explained how he works through the youth and the different projects. It is found even this part—credit is an important factor influencing the agriculture production. The average income of a wheat farmer is more in Ochiltree County than an average of Comanche County.

NEXT WEEK, ARS TELLS OF PACIES ARRIVAL

The anchor chain manufactured for the aircraft carrier RANGER measures 2,160 feet. Each link weighs 360 pounds.

Albin Horse Sale Totals \$25,705

The Earl Albin gelding and performance bred horse sale held here last Friday afternoon attracted an overflow crowd at the McDougal Auction Barn—and attracted buyers from four states, who paid \$25,705 for the sixty head sold.

The sale featured the get of Royal King, Albin's famous Quarter horse stallion. Top sale animal went for \$1,000—Royal Fifty, a 1960 sorrel stallion, to Monroe Marburger of Chico. The sale averaged \$428.40 per head.

Sidney 4-Hers Hold Meeting

by BETTY LEWIS

Monday night, January 15th, Sidney 4-Hers met at the Sidney Homemaking Building to set the new officers in their places.

Officer for '62 are Linda Janes, president; Clarence George, vice-president; Mary Lewis, secretary-treasurer; Ronnie Cox and Betty Lewis, reporters; Larry Steele and Claudia Ross, recreation leaders; Rita Reed and Kathy Spalding, song leaders; Nicky Pruitt, chairman, foods committee.

Soil Conservation Program Set At Stag Creek Saturday

Saturday night, Feb. 3rd, at 7:30 o'clock, a meeting will be held at the Stag Creek Community Center on Soil Conservation, according to Mrs. Dave Auvenshine, program chairman.

This meeting will be of interest to all farmers and ranchers. John Simpson, SCS, will be in charge. Films will be shown and plans will be made. "Everyone is cordially invited," said Mrs. Auvenshine.

Mrs. Chas. Marshall Hosts Study Club

The Comanche Study Club met on January 25th with Mrs. Charles Marshall.

The program was on Buddhism. Members answered roll call with a news item about the Far East. "The Philosophy and Teaching of Buddhism," was given by Mrs. Porter Franks. "The Expansion of Buddhism in the Far East" was given by Mrs. Frank Reese.

Other members attending the

meeting were Mesdames Euell Euell Arthur, J. A. Barton, John Burton, Sutton Dudley, L. C. Durham, Robert Eaton, C. C. Klingman, F. L. Little, John Pogue, John Reese, H. H. Williams, Cyril Greene, and Misses Berta Goodson, Hattie Brightman, and Ollie Sloan.

Attend NFLA Meeting

Mr. and Mrs. John M. Robertson spent part of last week in Houston attending a meeting of the Federal Land Bank stockholders for the managers and directors and their wives.

Herbon Wilson Dies Suddenly

Herbon Lee Wilson, 49, 309 N. Cole Street, Comanche, suffered a fatal heart attack Wednesday night at his home. He was pronounced dead on arrival at a local hospital about 10 o'clock.

Funeral services for Mr. Wilson will be held at 2 p.m. Friday, Feb. 2, at the Gartman View Free Will Baptist Church, with Rev. Arthur Herrin and Rev. Huey Gower officiating.

Burial will be in Oakwood Cemetery, Comanche, with arrangements by Oak Lawn Funeral Home.

Mr. Wilson, employee of the Comanche City Street and Water Department, was born August 25, 1912, being the son of the late Will Wilson and Mrs. Audria Hicks Wilson.

Survivors include his wife, Doris; four daughters, Mrs. Robert Crouch Jr. of Dublin, Miss Carolyn Lee Wilson of Dallas, Miss Joyce Hope Wilson of Comanche, and Mrs. Bobbie Guthrie of Sidney; his mother, of Comanche; two brothers, W. J. Wilson of Fort Worth, and Joe R. Wilson of Hurst; and four sisters, Mrs. Herbert Williams of Lubbock, Mrs. E. E. Steward of Comanche, Miss Beatrice Wilson of Fort Worth, and Mrs. Brent Rauhut of Los Angeles, Calif.

HERE FROM SEATTLE

Mr. and Mrs. L. R. Carter of Seattle, Washington, are here visiting their parents, Mrs. John Welch and T. N. Carter.

Young Farmer

(Continued From Page One)

che's Outstanding Citizen of the Year.

M. C. Channarajars, Visiting County Agent-India, was cited for his outstanding contribution to agriculture during the past year. His wife, Pache, was also recognized and presented with a corsage by the Jaycees.

McDonald, who has a 360 acre farm 3½ miles north of Comanche, has 175 acres in cropland and 185 in grazing.

He raises both dryland and irrigated peanuts, as well as oats, maize, and coastal bermuda. He also raises cattle and goats.

McDonald and his wife, Benita, and daughter, Cynthia, reside in a modern new brick home. He is a member of the Comanche County Young Farmers Association, the Comanche County Livestock Association, the Gustine Church of Christ, the 36th National Guard, and is a cooperator in the Upper Leon Soil Conservation District.

He is a graduate of Comanche High School, and was a Lone Star Farmer while a member of the FFA. He is active in both civic and church affairs.

McDonald will attend the State Outstanding Young Farmer Contest to be held February 16 in Greenville.

Bill Evans, Proctor, Comanche County's Representative last year, won the award as the State's Outstanding Young Farmer.

Bowling Results

The Phantoms jumped back into the lead of the local bowling league Wednesday night via the "gift" route, as they won four games bowling blind. Choice dropped back into second, by losing 1 out of four games to the 8-Ballers.

The Old Pros and Light Crust split 4 games—winning 2 each, and Topper Feed Company won 3 of 4 from Blanket.

Billy Laird, Light Crust, had the high three game series, with 526. Jamie Oden, Choice Baking Co., had 512 and Larry Fuller, Phantoms had a 501 series.

TEAM STANDINGS	
Phantoms	48 24
Choice	47 25
Topper Feed	41 31

Burglaries

(Continued From First Page)

added to the list:

Hammet Motor Company, De Leon, April 22, 1960, when \$850 was reported stolen from a safe. Fincher Feed Mill, De Leon, May 9, 1961, when \$700 was stolen from a safe, and \$10 from a cash register. Three or 4 months later, Fincher's cash register was again looted.

Clay Building Material, Comanche, Aug. 9, 1960, when a small amount of money was stolen from a cash drawer, and \$150 from a safe. On this same date the Farmers Produce was entered, but no loss reported.

Holdridge Food Market, De Leon, Jan. 18, 1962, when 15 silver dollars, and \$20 in change was looted from a cash register.

Also classed as cleared was the theft of cash from a cigarette machine at the former VJ Cafeteria in Comanche. Roach said Leggett also admitted to having punched the safe of a Comanche feed company on two occasions, the latest in 1960, but no loot was gained.

SINGING AT GARTMAN VIEW
There will be a singing at the Gartman View Baptist Church Sunday afternoon February 4 at 2 p.m. All singers of the area are invited say those in charge.

Miss Jean Mims, Mr. Malone Recent Wedding Vows Here

Miss Gloria Jean Mims and Carl Hubert Malone were united in marriage Sunday morning, January 21st, at the home of the bride's parents, Dr. and Mrs. Roy Mims, 907 North Elm.

The bridegroom is the son of Mr. and Mrs. Murrell Malone, 113 South 37th Street, Muskogee, Oklahoma.

The double ring semi-formal ceremony was performed at 10 a.m. by Reverend Alex F. Copeland of Hamilton, Georgia. Reverend Copeland played Lohengrin's Wedding March.

The vows were exchanged before an arch covered with fern and white gladiolus flanked on each side with baskets of palms and white gladiolus.

The bride, given in marriage by her father, wore a gown of Chantilly lace over taffeta. The basque bodice had a scalloped sabrina neckline sprinkled with paillettes and long tapered sleeves. The very bouffant length skirt was designed with six tiers of lace. The shoulder length veil fell from a crown of pearlized orange blossoms. Her only jewelry was a single string of pearls. She carried a satin covered prayer book topped with a white orchid.

Mrs. Jay Carnie of Arlington was matron of honor. She wore a beige taffeta dress with a pleated bodice. She carried a nosegay bouquet of gardenias.

Jay Carnie was best man. The mother of the bride wore a mauve lace dress over taffeta and the mother of the groom wore a royal blue silk jersey dress. Both wore gardenia corsages.

Following the ceremony the wedding party and guests were served a wedding breakfast of waffles, sausage, blueberry jam, and coffee.

For her wedding trip to Kansas City, Missouri, the bride chose a suit of baby-blue wool and wore a white orchid.

MR. AND MRS. CARL ROBERT MALONE

The couple are at home in pine, where both will continue their studies at Sul Ross College. The bride is a graduate of Comanche High School where she was a member of the Glee Club, F.H.A., Student Council, and played varsity basketball three years. For four years she served as a cheerleader, and head cheerleader her junior year. A freshman at Sul Ross, she is a member of the Sackman Literary Society.

The groom is a graduate of Ysleta High School of El Paso and Sul Ross State College. In high school he was a member of the National Honor Society and served as its president senior year. At Sul Ross he is a member of the Gamma Sigma Epsilon, chemical honorary fraternity.

Out-of-town guests for wedding included Mr. and Mrs. Murrell Malone, Mr. and Mrs. Jay Carnie and Reverend F. Copeland.

Election

(Continued From Page 1)

Democratic nomination a rival of newly turned Republican Jack Cox, in the November general election. The Democratic John Connally, Will Wilson, shall Formby, and Don Yough.

The lieutenant governor is also attracting attention, has among its chief candidates Preston Smith, Crawford M. Jarrard Secrest, and Robert Er.

AUSTIN VISITORS

Mr. and Mrs. Clyde Housh Comanche visited their son and wife Sunday in Austin. Mr. Clyde Jr. is teaching general business and finance in the University of Texas and Mrs. Housh is teaching in the Pecan Elementary school in Austin.

AS IT LOOKS FROM HERE

by OMAR BURLESON, M. C.
17th District, Texas.

WASHINGTON, D. C. — In a recent address here in Washington, the noted columnist Walter Lippman referred to the "Frustrations of our Time."

He mentioned a Christmas message from a friend who said of 1961, "Another year of frustration, confusion and compromise is about over."

There are, of course, millions who are experiencing a frustration and confusion, the exact quality of which has never been known before.

There was a time when war was an ultimate and a last solution to changes because of religion, social, economic, political and legal conditions. This is no longer the case in a situation where opposing forces have weapons of such destructive force that neither side could win. Unlike 16 or 17 years ago, war is no longer a useable instrument for national purposes. It is as Mr. Eisenhower said, "There is no alternative to peace." On the other hand, considering the kind of world in which we live, there are conditions demanded by our adversaries, worse than war.

But is there an alternative to both these propositions? I think there is.

On September 22, 1961, I introduced a Resolution which I think is and should be an immediate first step to achieve the alternative.

It is as follows:

Whereas it is recognized throughout the world that a cold war exists between the free nations and the Communist bloc nations; and

Whereas foreign aid in various forms has been a principal instrument of United States foreign policy in combating its adversaries in the cold war; and

Whereas the United States has depended upon an appreciation by assisted nations for a quid pro quo; and

Whereas there is evidenced a lack of response on the part of many nations to cooperating in opposing international communism; and

Whereas recognizing such failure and recognizing the inevitability of the cold war continuing through decades to come; and

Whereas the Communist bloc nations are a disciplined bloc to trade only to their advantage with the free nations of the world; and

Whereas many free and uncommitted nations, by reason of their failure or unwillingness to recognize the international Communist menace, both in ideology and in physical aggression, maintain trade relations with, and thereby contribute to the strength of, the Communist bloc; Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That it is the sense of the Congress that it is urgent that the present foreign policy of the

United States of America be altered to definitely define the cold war and to identify those nations willing to assume responsibility in winning it by (1) agreeing to strict economic sanctions against all nations dominated by international communism, and (2) by agreeing to the cessation of all trade intercourse with the Communist bloc nations.

Sec. 2. It is further the sense of the Congress that the United States of America should (1) call for a convention of all nations willing to cooperate for the purpose of ending all trade with the Communist bloc nations, and (2) should apply sanctions to those nations dominated by a Communist regime, and all other nations who furnish goods or materials of whatever nature to said Communist bloc, including reshipment of transshipment, received from nations agreeing to apply economic sanctions to Communist bloc nations.

This sort of action may supercede the United Nations and all other international organizations. It would cause all to stand up and be counted. It would identify those who are serious about the life and death struggle of the cold war. It would put us and nations of a like mind on the offensive and get us out of the timid defensive position which has been our practice since World War II. It could be the immediate first major action to bring us out of frustration, confusion, compromise, and indecision.

In my opinion, it is the alternative.

Who Was County's Oldest Native?

When John W. Northcutt, of the Board Church community, passed away recently at the age of 102½, the question came up whether he was the oldest man ever to die in Comanche County or was it the late Ira Lane?

Mrs. John (Dorothy) Robertson, Comanche, submits the following answer:

"You asked which was the older of the two, John Northcutt or my great-grandfather, Ira Lane Morris? I guess we will have to take down our 'sign' boasting of having the oldest grandparent who lived in Comanche County."

"The way I have it figured, Mr. Northcutt out-lived my great-grandfather Morris by 21 days, if the dates were recited correctly in The Chief. My great-grandfather, 'Grandpa' as we called him, died November 9, 1927, and he would have been 103 the next April 17."

"Now, T. J. and H. F. Northcutt have a goal to reach, for my grandfather, George Morris, the son of Ira Lane Morris lived to be 98 years old, less 3 months. Mr. oldest brother, who doesn't carry the name of 'Morris', but Foster, is striving to contest his preceding Morris grandparents in living to be a 'ripe old age' as he calls it. He is 51 years older than his young son. He believes proper eating, exercise and sleeping habits are very essential. 'I'll never make it, though.'"

Mrs. J. C. Wilkerson Hosts Garden Club

Mrs. J. C. Wilkerson, 601 Northwest 36th, was hostess to the Comanche Garden Club for the January 18th meeting. Twelve members and one guest, Mrs. D. M. Brightman, were present.

The Wilkerson home was most inviting with wood burning fires in spacious reception rooms. Mrs. Walter Durham Sr. displayed a dried arrangement in a Japanese usabata. A dried triangular arrangement was placed on a wooden tray by Mrs. Leo Shankle.

The dining room table was covered with a Mexican drawn linen cloth and centered with an arrangement of artificial magnolia blossoms. Silver and crystal appointments were used.

The guests were served coffee, tuna salad, stuffed celery, stuffed dates, apricot balls, and cinnamon rolls. Mrs. Brightman presided at the coffee service.

The president, Mrs. Robert Eaton, opened the meeting and conducted a business meeting. Reports were made on Garden Center activities. Mrs. Eaton announced that the Comanche Garden Club has three National Judges: Mrs. Tom Dudley, Mrs. Darrell Smith and Mrs. Nick Higginbotham. Mrs. Clarence Rea and Mrs. Harold Denny expect to complete courses on National Judging this year.

"Preserve, Enjoy, and Protect Our Birds" was the topic of a lecture presented by Mrs. C. A. Crownover. It was most interesting and instructive, encouraging the club members to keep out food, water, and nesting places for birds. In return the club members will be rewarded with the birds destroying insects and some weeds.

AMERICA'S DEPENDABLE FOOD MERCHANT SINCE 1859

News Digest . . .

by M. AUTRY, Rt. 1, Dublin

Financial centers and business men generally appear a somewhat skeptical concerning Mr. Kennedy's ability to match both ends of his \$92,500,000,000 budget which he presented to Congress last week. There may be grounds for this seeming lack of optimism, particularly when 'expected' increase in the economy is supposed to raise \$11 billion in new money to add to the tax take. If Congress clamps down on so-called "back-door" spending and all other unnecessary expenditures and at the same time manages to keep labor troubles from crippling industry, there may be reason for hope the budget will balance. But these are giant "ifs" to hurdle.

The Electrical Workers' Union blew the lid off Pandora's box last week when the Union won a 25-hour work week with no reduction in pay. And thus the wheel of wage and price spiral and additional inflation was given another turn. Other unions are already sharpening their bargaining tools with this "precedent" and will be hard to deny. U. S. labor leaders may have to learn the hard way what most American consumers have already learned, that foreign made goods of equal quality are fast replacing too costly American products on our store shelves. Reason—high labor cost.

Six years ago President Eisenhower asked Congress for money to build a nuclear-powered merchant ship. Today this sleek, trim white-hulled beauty is lying in her slip at Camden, N. J. ready for her "shake-down" cruise. The 22,000-ton Savannah is the first and only nuclear-powered merchant ship in the world and cost the taxpayers nearly \$47 million or about twice the cost of a conventional ship of like size, but worth the difference. She can cruise 300,000 miles without refueling and at a speed of 21 knots.

Dairymen all over the country were interested a few days ago in a record production announced wherein a Holstein cow 15 years of age had produced 302,363 pounds of milk and 11,503 pounds of butterfat during her lifetime. High quality dairy cows have enabled many dairymen to continue in operation while cows of lower quality have narrowed the profit margin for others until they have been forced out of business. Emphasizing the trend to better dairy cows, there are fewer cows on farms today but with much better average production than ever before over the country.

In theory the union of all faiths is wonderful to contemplate but like the United Nations, in practice it would have two strikes against it in the beginning for the simple reason that people are people. One of the bones of contention was pointed up a few days ago when a prominent theologian stated that Protestants generally reject the idea of the Immaculate Conception and of the Assumption into Heaven. Actually most Protestants reject and protest this statement which attacks the very foundations of their belief in Deity.

Last year all cars shipped to California for sale were equipped with blow-by devices to shunt the crankcase gasses back thru the manifold to be burned in the cylinders, thus reducing air smog to some extent. A few days ago all automakers are reported to have agreed to make these devices standard equipment on all makes at very little additional cost to the buyer of 1963 autos. In most states smog is not a problem and will never be. The car buying public however won't object to the device unless it reduces speed and power, if so, loud cries will go up.

Recently when the U.N. moved into the Katanga province of the Congo in an attempt to force Moise Tshombe, the leader there, to join the Congo Federation, many freedom loving people of all nations felt a deep-down sympathy for the Katanga dwellers in their efforts to stay out of the federation. Tshombe, a son of one of the richest of all African tribesmen, is himself a tribal leader who knows what his people want and is willing to fight for them. Time was when this was an admirable trait, and still is with many people.

A few days ago U. S. ambassador to the U.N., Adlai Stevenson, painted a rosy picture of the dwindling away of communism in all areas of the world since 1945 and indicates a failure of communist ideology. This is indeed soothing reading but it is a boon to complacency at which wily Krushchev will smile, particularly when he remembers Cuba, Laos and now South Vietnam. Comforting as Mr. Stevenson's statement is it still behooves free nations to keep their missiles dry.

And speaking of communism the Soviet-Chinese quarrel and the very real split in the Italian Communist party, one of the strongest now existing in a free country, offers one ray of sunshine in an otherwise cloudy world.

Dudleys Enter 4-H Herefords At San Antonio

Five Dudleys from the Comanche 4-H have entered six Hereford heifers in the 13th Annual San Antonio Livestock Exposition, Feb. 9-18th, according to County Agent Angus Dickson, Jr. Dickson announced the Dudley boys are: Claude Dudley, Tom R. Dudley, Joe Dudley, Ray Dudley, and John Dudley.

Their entries are among more than 5,000 head of livestock and horses which will be at the Feb. 9-18 Exposition. An all time high of \$16,000 in premiums, prizes and purses is offered, according to President E. W. Bickett, who also announced Saturday, Feb. 10 will be "Rural Youth Day" with some 35,000 rural youngsters expected to attend if good weather prevails.

The 13th Annual San Antonio Stockmen's Show will feature 15 performances of the World Championship Rodeo, starring Rex Allen and Koko, with co-star vocalist Anita Bryant and featuring national archery champion Ann Marston. The hilarious Calif Scramble for 4-H and FFA members, many feature acts and more than 300 champion cowboys will offer additional entertainment.

Soda Springs 4-Hers Meet

New officers of Soda Springs 4-H Club were installed in January. They are: Grady Paul Ripley, president; Richard Frazier, vice president; Dorothea Byrd, secretary-treasurer; Margie Vineyard, Council delegate; Peggy Evans, reporter; Aubrey Vineyard, Ronnie Martin, Loretta Causey, and Kay Vineyard, recreation leaders; Kenneth Green and David Ripley, photographers; Nancy and Karen O'Brien, song leaders.

The club's nominee for a two-year term to the Adult Leaders Association is Mrs. Olan Frazier, succeeding Mrs. H. C. Blackshear, whose term expires.

Seven new members have recently enrolled in the Soda Springs 4-H Club. They are Richard Frazier, Harold Gressett, Odessa Simpson, Paye Hart, Joyce Hart, Linda Hart, and Billy Hart. The 4-Hers decided to conduct a scrapiron drive and hold a fun night to raise money for the club. Appointed chairman of the scrapiron drive was Bill Evans. Mrs. Clinton Geyer was appointed as chairman to arrange the fun night.

Bill Bassham Promoted To Major

Bill Bassham was recently promoted to the rank of major in the U.S. Army. Major Bassham is one of the head coaches of the Marksmanship Training Unit of Ft. Benning, Georgia. He is the holder of the Distinguished Marksmanship Badge and the Commendation Medal for his service in this field. He was Officer-in-Charge of the Eastern Region last year and set a new record in the Infantry Trophy Match at the National Matches in Camp Perry, Ohio.

Major and Mrs. Bassham and

son spent the recent holidays in Comanche visiting her parents, Mr. and Mrs. Alfred McKinzie. The Basshams will retire next year and plan to return to Texas.

Profits from a ship's "gedunk-stand" pay for the ship's laundry and barber shop operations, and also are used to fatten a ship's welfare and recreation fund.

The carrier ORISKANY's laundrymen are busy people. They will wash an average of 19 tons of laundry in a week, which figures out to about 12,000 pairs of pants, 12,000 shirts, 21,000 sets of underwear, and 21,000 pairs of socks.

TRADE NOW AT MY STATION FOR A SET OF THESE AMAZING NEW TIRES

The miracle new rubber in Atlas Bucron Tires smoothes bumps and jars, so your car rides easier, handles better. Bucron Tires stop quicker than ordinary tires on wet or dry pavement! In fact, these new tires grip the road so well you can't make them squeal! Drive in today! I'll give you the best trade in town on the best tire buy in town. Ask for a demonstration ride today.

SOIL CONSERVATION NEWS . . .

by JOHN O. SIMPSON

Conservation work for 1962 is getting off to a good start in spite of the inclement weather. Thomas Northcutt has just completed a system of parallel terraces. These terraces were staked the same distance apart. This eliminates the point rows that always work out between terraces when run by grade only. The layout of parallel terraces requires a lot more time—but farming operations in the future require less. Northcutt's terraces are spaced on multiple four row spacing.

L. E. Sumner and Dee Kerley have recently completed farm ponds. Nath Kiser has one now under construction. A. E. Hall and L. E. Easley have completed a regular terrace system each. Hall did his construction with farm equipment.

L. D. Clark has a parallel terrace system staked out ready for construction.

Bill Lane and J. C. Johnson have waterways staked out ready for seeding. Johnson also has a diversion terrace designed for protection of farmstead and field below.

Those who have recently developed conservation plans are Elton McDonald, Chris M. Paulson, L. D. Clark, Paul Bradley on a Hasse farm, R. O. Stark, Dr. James C. Slider, L. C. Dodd, Dr. D. W. Helm, J. C. Johnson, J. R. Rambo, R. E. Seay, and Dwight Brightman who has revised his plan to include an additional farm.

V. C. Walker has prepared a seed bed on a field that he plans to sod to Coastal Bermuda in February or March.

Comanche Junior Roping Club Elects Officers

The Comanche Junior Roping Club held its first meeting of the year on Monday, January 15, in the County Courtroom. The meeting was called to order by the outgoing president, Roy Dale Polvado.

The following officers were elected: Cassie Wilhelm, president; Claude Dudley, vice-president; Lou Albin, secretary-treasurer; and Sue Albin, reporter. The junior directors elected by the club are Kenneth Black and

Want to Move Back

Mr. and Mrs. R. L. (Dick) Cotton, residents of Fort Worth for the past 40 years, were in Comanche this week, visiting with friends and "house hunting." The Cottons say "We want to move back to Comanche just as soon as we can locate a house."

Pete McDougal of Gustine, Tommy Willis, Scotty Morris, and Roy Polvado. The adult directors chosen are George Williams, Gus Wilhelm, Cecil Houck, Red Swindle, Dick Armstrong, and Bally Robertson.

The Junior Roping Club had five new members to join this year. They are Ronnie Adcock, Lonnie and Terry Sparkman of Gustine, and Phyllis and Jerry Swindle of Comanche.

Rules were discussed on the coming junior rodeos, but nothing definite was decided. The club then voted to have its fun nights on Tuesday nights, twice a month. The members also voted Joe Waring to be in charge of the Junior Quadrille again this year. The club is looking forward to the opening of the junior rodeo season.

FOR SALE: Sealed bids will be received in the office of the School Superintendent until 9:30 a.m. Feb. 5th, 1962 on the following property now owned by the Comanche Independent School District:

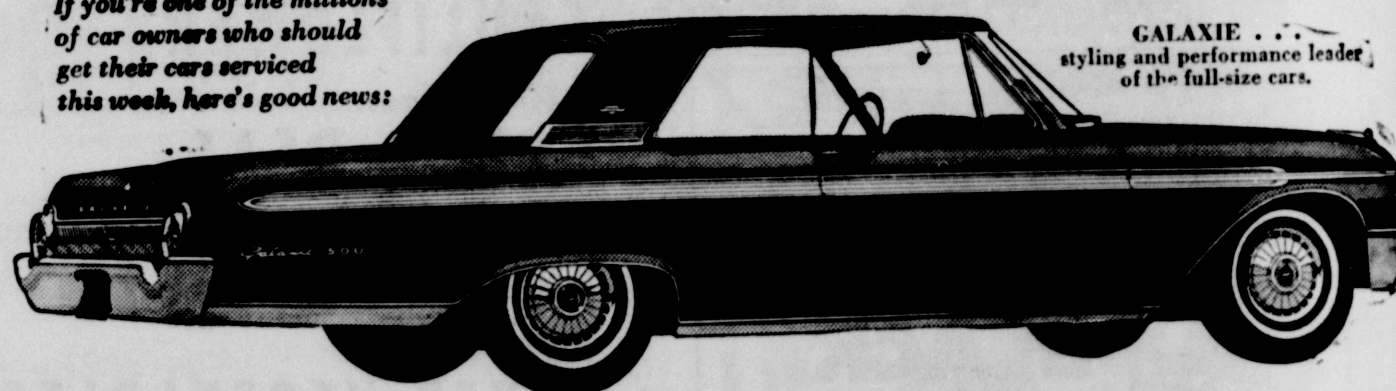

- 1 - veteran building on J. B. Layne Campus 1st building counting from south.
- 1 - home formerly owned by J. G. Davis.

Each piece of property to be moved from present site by purchaser. School reserves the right to accept or reject any or all bids for the best interest of the school.

These buildings may be seen by contacting

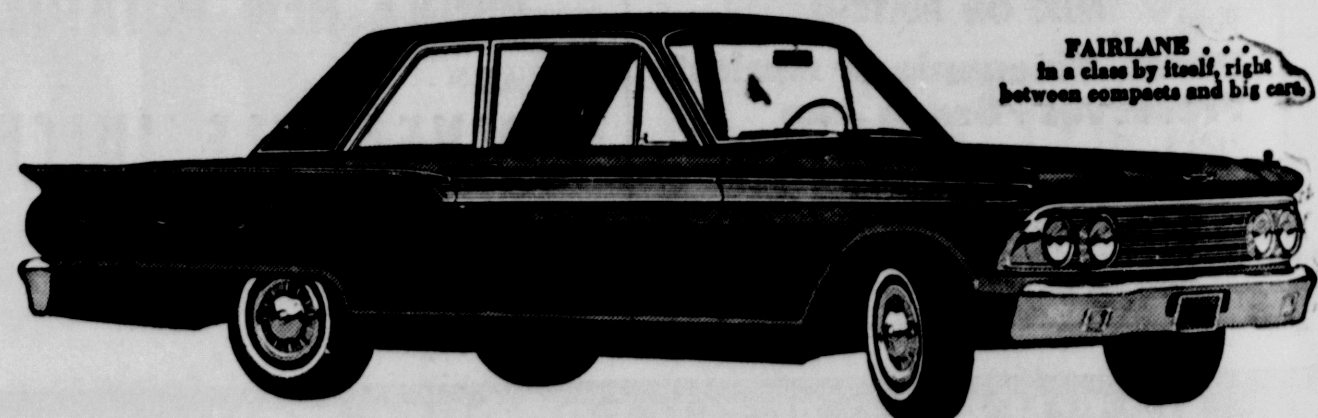

S. H. Fletcher, Supt. of School, Comanche, Texas.

If you're one of the millions of car owners who should get their cars serviced this week, here's good news:

GALAXIE . . . styling and performance leader of the full-size cars.

Ford eliminates 10 out of 12 service stops required by most cars!

FAIRLANE . . . in a class by itself, right between compacts and big cars.

In a 1962 Ford Galaxie or Fairlane you can go all year—or 12,000 miles—with only two stops for service. This revolutionary new twice-a-year maintenance program—available only in the cars from Ford—frees you forever from the nag-nag-nag of month-after-month servicing. (See chart.) It's the biggest thing that's happened to cars since Ford introduced the 12-month or 12,000-mile warranty.* See your Ford Dealer soon—and start saving time and money with the convenience of twice-a-year maintenance. It's another Ford first!

*Ford Motor Company warrants to its dealers, and its dealers in turn, warrant to their customers as follows: That for 12 months or for 12,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers of any part with a defect in workmanship or materials. This is not covered by the warranty, appropriate adjustments will continue to be made by the tire companies. Owners will remain responsible for normal maintenance service and routine replacement of maintenance items such as filters, spark plugs, and ignition points.
